

# ABACUS

PRESCHOOL  
ENRICHMENT  
PROGRAMME

NOW  
AVAILABLE

Maximise your child's cognitive abilities and intellectual thinking through Crestar's Abacus enrichment programme. Give your child the quality head start they deserve.

Find out more about the in-house enrichment programme at their school today.

Official Enrichment Provider:

**CRESTAR**  
LEARNING CENTRE

## Quality abacus programme at your convenience

- Taught by a team of internationally-certified and experienced teachers
- Deep focus on individual progress to ensure consistent development
- Delivered through a proprietary curriculum designed to complement MOE syllabus

*Genevieve was rather weak in calculation. But ever since she started Abacus at her childcare centre, there has been marked improvement in her Mathematics. While Abacus is not an academic subject in Primary school, I have no regrets sending her for it, as it has helped her build a strong foundation in Mathematics. She is now able to count quickly and remember things better. – Catherine Lee, mother of Genevieve Tan, K1.*
